Notice: Cost is now found on the signature page (last page of Rate Confirmation).

Thank you for accepting a load with King of Freight. We pride ourselves on making sure our freight is picked and delivered on time. All KOF customers prefer to have updates of when their freight is picked up and delivered. If you are wanting to update your pick/delivery status through our email instead of receiving a phone call please include your name, company name, order number, and time your driver loaded/unloaded. Because of our thorough procedure you will receive a phone call from our rate confirmation team to confirm you have received the attached rate confirmation. If you prefer to avoid additional phone calls from our picks and deliveries team, please respond to kofdispatch@kingoffreight.com when you pick up the load and again when you deliver this load.

King of Freight is introducing Text Locate. With Text Locate, truck drivers will receive automated text messages directly to your mobile phone, requesting location updates, pick-up confirmations, delivery confirmations, and BOL submissions.

Instructions for utilizing Text Locate:

1. Keep an eye on your mobile phone for text messages from King of Freight via Text Locate.
2. When you receive a text message requesting your location, simply click on the link in the message, allow text locate to use your current location (this is a one time location update) and provide the pick up or delivered status.
3. You will receive a text message from Text Locate an hour and thirty minutes after the scheduled pick up and delivery time.
4. After providing your location and confirming the delivery, you will receive a text message asking for the BOL. Reply with a photo or document containing the BOL to complete the process.

Once you have confirmed receipt of the rate confirmation for this load you are also agreeing to the KOF Carrier Agreement. If you would like a copy of our Carrier Agreement, please click the link to download a copy for your records:
