Loading of material shall be done to the complete satisfaction of the carrier and further, such inspection and acceptance thereafter is final and conclusive. If the loading of material is not to the carrier's satisfaction, he has the right to cause such alleged deficiency to be corrected. However failure to inspect the loading of material shall be deemed as any acceptance and approval of the manner of loading and further, such acceptance shall waive any right with respect to any defect that proper inspection would have revealed. The liability for the loading falls solely on the carrier.
